

2024

What's Happening

Spring is here, though you'd never know it with this chilly weather. Still, the little ones have already started to notice the buds on the trees and flowers popping up. We begin our month with a nursery rhyme and fairy tale mashup unit. These beloved stories spark imagination and teach lessons which help develop our reading comprehension and complement our social emotional development. Be sure to note our storybook dress-up day! Our SEL theme is compassion; so for Earth Day we'll discuss how we can take good care of our planet. We look to the sky with wonder as we explore the world beyond our planet in our space science unit. Our dramatic play area is transforming into a space station and of course there will be lots of spring themed art. We also start preparing for Mother's Day and the Art Show, both in May.

Important Dates & Reminders

NO SCHOOL: April 8th-12th for Spring Recess

4/18, 4/19 *Optional* Dress-up as your favorite book character, princess, or superhero. We have dress-up accessories at school. If your child attends school both days, they can dress-up both days.

LOOKING AHEAD: Art show May 2nd in the evening
Mother's Day (5/9 & 5/10) and Father's Day (5/30 & 5/31) celebrations take place during school, after drop-off, for about 20 minutes. If a grandparent or other special grown-up will be attending instead of a parent, please let me know ahead of time so we can celebrate them too!
